

Telephone Apparatus

DLE 1

November 1970

Index and Charges
Section E leaflets

Post Office
Telecommunications

PLEASE NOTE

This is a simple guide; it is not intended to be a comprehensive list.

Exchange line charges are not included; these are given in General Information leaflet DLX 1.

The full connexion charges are shown, but in certain instances reductions are made.

The rentals also cover maintenance of the apparatus.

The charges and rentals shown in this leaflet are correct as at 1 November 1970, and the decimal currency charges and rentals which apply from 15 February 1971 are shown in italics. The charges and rentals may be revised subsequently by the Post Office.

We do our best to supply our customers with the apparatus they ask for, but from time to time we may have to provide apparatus which does not accord exactly with the descriptions and illustrations in the leaflets mentioned.

| Leaflet Number | Description of Apparatus | Connexion Charge | | Additional Quarterly Rental | | | |
|----------------|--|------------------|-----|-----------------------------|---|------|-------------|
| | | £ | s d | £ | £ | s d | £ |
| DLE 510 | Loudspeaking Telephone 1 A telephone with loudspeaker, and dialling unit with microphone, which allows both hands to be free during a call | 3 | 0 0 | 3 | 2 | 10 0 | <i>2.50</i> |
| DLE 511 | Loudspeaking Telephone 3 A loudspeaker, microphone and push-button control unit, and amplifier unit, each in a sealed case, which may be washed down. Specially designed for use in such places as laboratories and hospitals, the equipment allows both hands to be free during a call | 3 | 0 0 | 3 | 4 | 0 0 | 4 |
| DLE 512 | Loudspeaking Telephone 4 A desk unit for the business executive, which allows both hands to be free during call | 3 | 0 0 | 3 | 7 | 10 0 | <i>7.50</i> |
| DLE 520 | Answering Set 1 This equipment answer calls when the telephone is unattended, and gives to callers a message recorded by the subscriber | 3 | 0 0 | 3 | 6 | 0 0 | 6 |
| DLE 530 | Pay-on-answer Coin-box This equipment is used on exclusive lines in STD areas, in such places as hotels and boarding houses; it enables calls to be paid for as they are made | 5 | 0 0 | 5 | 2 | 10 0 | <i>2.50</i> |
| DLE 531 | Portable Pay-on-answer Coin-box A bright red coin-box connected by means of a long cord and plug-and-socket arrangement; it can be moved to the most advantageous position during the day and locked up at night, if required | 5 | 0 0 | 5 | 2 | 10 0 | <i>2.50</i> |
