

Private Communication Services

April 1972

Descriptive Leaflet DLF₁

Index and Charges Section F leaflets

This is a simple guide; it is not intended to be a comprehensive list.

The full connexion charges are shown, but in certain instances reductions are made.

Rental for private communication service is normally payable annually in advance.

The charges shown in this leaflet are correct as at 15 February 1971; they may be revised subsequently by the Post Office.

We do our best to supply our customers with the apparatus they ask for, but we may have to provide apparatus which does not accord exactly with the descriptions and illustrations in the leaflets mentioned.

| Internal telephone system (6-way) Up to six telephones which can call one another and engage in conferences. Each telephone station Internal telephone system (11-way) Up to eleven telephones which can call one another and engage in conferences. Each telephone station Internal telephone system (16-way) Up to sixteen telephones which can call one another and engage in conferences. Each telephone station £5-00 £5-60 £5-00 £5-60 £5-00 £6-40 | leaflet number | description of apparatus | connexion charge | annual rental |
