# Telephone charges

# Telephone charges

The charges shown in this leaflet are correct as at 1 November 1981 and may be revised subsequently by British Telecom.

The charges shown are exclusive of Value Added Tax and an amount in respect of VAT will be charged as an addition to customers' bills.

These charges are for each individual item supplied. This list is not comprehensive and details of charges for other items and services can be obtained from your local British Telecom Sales Office.

Charges are not shown for external extensions or interswitchboard circuits as these depend on the facilities required and the distance involved.

### VAT exclusive charges **Exchange Service** Quarterly rental Connexion charge New lines £ 80.00 **Exclusive service Business** £ 21.00 70.00 13.50 Exclusive service Non-business

Note - Lower connexion charges may apply in many circumstances.

An additional charge may be payable where a large amount of new construction work is necessary.

Extension Arrangements (internal)	VAT exclusive charge Additional connexion charge	es Additional quarterly rental	Leaflet number
Phone socket Each additional phone socket ordered/fitted at the same time	£ 25.00 10.00	£ 0.15 0.15	number

### Notes

Radiopaging Service consists of a Radiopaging Receiver provided with one number operating in one zone.

\*Customers may opt for either tariff A or B.

Second Address is one additional number connected to a receiver.

Group Call is a facility for simultaneously alerting up to 99 consecutive numbers.

Roaming is a facility which allows a Radiopager to operate in more than one coverage zone.

The charges shown for Radiopaging service include the cost of all telephone calls made to Radiopaging receivers.

The initial charges may be reduced under certain circumstances. Ask your Local British Telecom Sales Office for details.

Your British Telecom Sales Office will gladly supply any further information or details of any changes in the information in this leaflet since it went to print. The address, telex and telephone numbers are shown in the preface of your Telephone Directory.
