# *Never miss important calls — even when you're on the phone — with BT's Call Minder service!*

Once you try BT's Call Minder service\*, you'll wonder how you managed without it!

Call Minder takes messages when you're away from home, when you are unable to answer the phone — or when you're engaged on another call! Unlike answering machines, Call Minder needs no special equipment, so there are no tapes or wires to worry about. And with Call Minder, you can check your messages from virtually any tone dialling phone in the world.

So order this popular service today! It's just £5 a quarter — £3 if you already have Call Waiting.\*\*

**Or complete this form and enclose it in the prepaid envelope provided.**

\* **BT Call Minder service** is available on digital exchanges only. 92% of households in the UK are digital, so chances are yours is also. To determine if you have a digital exchange, simply **press 1471**. If you hear an announcement that says, 'Sorry, the service you have tried is not available on your exchange,' you will know that your home is not served by a digital exchange and this service is not available to you at this time.

\*\* The minimum rental period for Call Minder is 12 months. Call Minder cannot be combined with Call Barring, Call Diversion, fax machines or modems. If you have Call Minder and Call Waiting together, then Call Minder will only take messages on Ring Tone No Reply (when the phone is not answered), and not when you are already on the phone. Then, you will hear the Call Waiting bleep and you will need to answer the call. Call Minder is subject to limited availability in certain areas.
